

heroes who actually put their lives on the line and actually went to the Moon I think is wrong and that it is very fitting and appropriate for us to now at this time honor those heroes who went to the Moon and extend to them a specimen.

Now, the gentleman from Indiana has inserted a whole host of safeguards in this legislation. They cannot sell it for money. NASA can retrieve the specimens if there is some tremendous scientific need for them. Actually, the scientists have analyzed these things over and over again and they are just rocks. There is no great need, and it is extremely unlikely that they would ever have to be reclaimed.

Mr. Speaker, I rise in strong support of the legislation. I applaud the gentleman for coming up with this idea. He should be commended. I would encourage all of my colleagues on both sides of the aisle to vote in support of this bill.

Mr. SENSENBRENNER. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

The SPEAKER pro tempore (Mr. HANSEN). The question is on the motion offered by the gentleman from Wisconsin (Mr. SENSENBRENNER) that the House suspend the rules and pass the bill, H.R. 2572.

The question was taken.

Mr. SENSENBRENNER. Mr. Speaker, on that I demand the yeas and nays. The yeas and nays were ordered.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX and the Chair's prior announcement, further proceedings on this motion will be postponed.

CORRECTING ENROLLMENT OF H.R. 1654, NATIONAL AERONAUTICS AND SPACE ADMINISTRATION AUTHORIZATION ACT FOR FISCAL YEARS 2000, 2001, AND 2002

Mr. SENSENBRENNER. Mr. Speaker, I ask unanimous consent for the immediate consideration of the concurrent resolution (H. Con. Res. 409) directing the Clerk of the House of Representatives to make corrections in the enrollment of the bill H.R. 1654.

The Clerk read the title of the concurrent resolution.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Wisconsin?

Mr. HALL of Texas. Mr. Speaker, reserving the right to object, I yield to the gentleman from Wisconsin for his explanation of the justification for this resolution and its consideration under the expedited procedure.

Mr. SENSENBRENNER. Mr. Speaker, I thank the gentleman from Texas for yielding.

This resolution changes the title of section 205 from Space Station Man-

agement to Space Station Research Utilization and Commercialization Management in order to make the title more informative. It also replaces specific references to the Russian Service Module in section 201 with generic references to any Russian element in the International Space Station's critical path, and moves the due date for an educational study required in section 317 from October 1, 2000, to December 1, 2000.

Finally, the resolution removes some commas to reduce the number used in a series to address stylistic preferences. These are minor changes that do not affect the substance of the bill adopted by the House on a vote of 399-17 on September 14. They have been discussed with the minority and with the other body and all parties have agreed to them.

Mr. HALL of Texas. I thank the gentleman for his explanation.

Mr. Speaker, the minority concurs in the necessity to correct the enrollment of H.R. 1654. Therefore, we do not object to the immediate consideration of the resolution.

Mr. Speaker, I withdraw my reservation of objection.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Wisconsin?

There was no objection.

The Clerk read the concurrent resolution, as follows:

H. CON. RES. 409

Resolved by the House of Representatives (the Senate concurring), that the Clerk of the House of Representatives shall make the following corrections in the enrollment of the bill H.R. 1654:

(2) In section 2(4)—

A motion to reconsider was laid on the table.

(2) In the United States, business-to-business transactions between small and medium-sized manufacturers and other such businesses and their suppliers is rapidly growing, as many of these businesses begin to use Internet connections for supply-chain management, after-sales support, and payments.

Small and medium-sized manufacturers and other such businesses who fully exploit the potential of electronic commerce activities can use it to interact with customers, suppliers, and the public, and for external support functions such as personnel services and employee training.

In addition, the Manufacturing Extension Partnership program, working with the Small Business Administration, successfully assisted United States small enterprises in remediating their Y2K computer problems.

(6) A critical element of electronic commerce is the ability of different electronic commerce systems to exchange information. The continued growth of electronic commerce will be enhanced by the development of private voluntary interoperability standards and testbeds to ensure the compatibility of different systems.
